Re: Encouraging parent transportation when possible
Date: 8-25-20

While under the limitations of COVID-19, any family that is able to transport students themselves, is encouraged to do so. If you have the ability to carpool with another family as well, it would be greatly appreciated. For those that need district transportation, it will be provided and numerous safety precautions will be in place. Thanks in advance to any families that can make this work. If you cannot, do not worry, we will have school bus transportation available for every student, along with strict cleaning and safety protocols.
