

EMBOLDEN EACH AND EVERONE

Portland State University is more than Portland's public research university. It's a place to test ideas and projects that show the world how different is done. Our innovative approach combines education with creative problem-solving and collaboration across campus for maximum impact. With more than 200 degree programs to choose from, PSU is Oregon's most diverse, innovative and affordable research university.

PORTLAND STATE UNIVERSITY

OUR CAMPUS IN THE HEART OF PORTLAND IS THE TESTBED FOR TOMORROW, DRIVING A CONSTANT EXCHANGE OF IDEAS.

Portland State University is the testing ground that shows the world how. We mobilize every facet of our university to better meet the needs of individual students and society as a whole. Transforming an urban public research university into a vehicle for social change. Turning curriculum into cross-disciplinary collaboration. Professors into advocates. Our city of Portland into a conversation with the future. And the access mission we were founded on into an ambitious search for untapped perspective and creative solutions.

AFFORDABILITY IN ACTION

We believe in expanding opportunity and creating a more equitable future for everyone who comes to PSU. Four Years Free and Transfers Finish Free allow students to achieve their goals, without having to worry about the cost of tuition. Students must apply by June 15 to be considered.

OPPORTUNITIES LIKE NOWHERE ELSE

Our graduates go on to invent for Intel, save lives at Oregon Health & Science University, design for Nike and launch their own innovative companies. And, they earn an average salary of \$49,000 one year after graduation. More than 183,000 PSU alumni live all over the world, turning ideas into action.

RESEARCH THAT MATTERS

We do more than study the issues. We address real-world problems with creative solutions. At Portland State, you can work side-by-side with top faculty researchers, who inspire you to reimagine what's possible.
