

Are you the parent of a child with  
challenging behaviors?

Have you tried everything with little  
to no success?

Are you frustrated and searching  
for solutions?

The  
Child  
Center

A Circle of Care  
for Children and Families

Step inside the  
circle of care

## Collaborative Problem Solving Classes Will Help!

Collaborative Problem Solving is an exciting model that teaches you  
and your child skills that will reduce meltdowns, increase positive  
relationships, and improve communication!

**Location: Elmira Elem.**

\* Feb. 28  
March 7, 14, 21  
6:00-7:30 pm

Please join us for  
**FREE** classes and dinner!

You will gain:

- New skills, new confidence, & improved communication!
- Natural supports while learning through shared experiences, group interactions, and active role plays.
- The ability to apply Collaborative Problem Solving to your everyday family situations.

The Child Center has taught Collaborative  
Problem Solving to parents and caregivers since  
2008 with remarkable success!
