The Fern Ridge School District is an equal opportunity educator and employer

Elmira High School College Pennant/Recognition Wall-of-Fame!

**Support Elmira High School and receive
recognition for your academic success!**

Elmira High School is creating a Pennant "Wall of Fame" in the school cafeteria. The wall is designed to show current EHS students that anything is possible, and to give them a visual example of past EHS graduate achievements. For example, the University of Oregon pennant will be on the wall. Under that pennant will be listed the names of all U of O graduates. This will be done not only for colleges, but for those who have been honorably discharged from a branch of the military as well. This is a fundraiser to assist in funding educational opportunities for our students.

Please fill out the required application and mail with donation
to:

Elmira High School
c/o Wall of Fame
