|--------------------------------------|--|
| Unit Lesson | Objectives |
| | Describe business uses of presentation technology. |
| | Create and revise slide shows. |
| | Discuss strategies for the successful delivery of slide shows. |
| Test | |
| DATABASES | |
| Comparing Databases and Spreadsheets | |
| | List the actions a database can perform. |
| | List the differences and similarities between a database and a spreadsheet. |
| | For a specific business task, select a spreadsheet or a database based on which is more appropriate. |
| Understanding Database Terms | |
| | Differentiate between fields, records, and files. |
| | Plan and build a simple database. |
| Project: Creating a Database | |
| | Create a database to track information for retrieval later. |
| Working with Data and Records | |
| | Locate data. |
| | Sort data. |
| | Update data. |
| | Delete records. |
| | Add records. |
| Project: Creating a Data-Entry Form | |
| | Create a data-entry form. |

| Optio | ons EHS Business Technology B | Scope and Sequence |
|-------|-------------------------------------|---|
| Unit | Lesson | Objectives |
| | Using Databases to Search and Query | |
| | | Search for certain data. |
| | | Conduct a query. |
| | Project: Working with Queries | |
| | | Create a database using database software. |
| | | Use filters, queries, and operators to find database information. |
| | Importing and Exporting Data | |
| | | Import data into a database. |
| | | Export data from a database. |
| | | Name some uses of importing and exporting data. |
| | Data Analysis | |
| | | Identify the purpose of data analysis. |
| | | Identify the purpose, importance, and ethics associated with data mining. |
| | | Describe data mining techniques. |
| | | Interpret results of data mining. |
| | Review | |
| | | Review the topics covered in this unit. |
| | Test | |
| COM | PUTER NETWORKS | |
| | Why Use a Network? | |
| | | Explain what a computer network is. |
| | | Describe the benefits provided by computer networks. |

| Options EHS Business Technology B | Scope and Sequence |
|-----------------------------------|--|
| Unit Lesson | Objectives |
| | Differentiate different types of networks |
| How Do Networks Work? | |
| | Describe the function of network components. |
| | Explain how computer networks work. |
| Network Architecture | |
| | Describe the different types of network topologies. |
| | Discuss the advantages and disadvantages of each topology. |
| Review | |
| | Describe the purpose and function of network components. |
| | Compare network systems. |
| | Explain the factors that influence the choice of a computer networking system. |
| Test | |
