

Veneta Elementary School

88131 Territorial Road, Veneta, OR 97487
(541) 935-8225

Olivia Johnson, Principal
Gary Carpenter, Interim Superintendent
Fern Ridge School District

To: **Families of First thru Fifth Grade Students**

On November 7th, we will be holding an oral health or dental screening of our students. A dental hygienist from the Community Health Center will be providing this service, assisted by the staff of the Tooth Taxi. An oral health screening is just a quick visual scan of your child's teeth, generally with a flashlight. The dental hygienist will note if there are any visible signs of oral problems or not. No other procedures will take place at the dental screening. The results of the screening will be sent home with students to families. In addition, if there are significant signs and concerns, families will be contacted by phone. If severe oral health problems are found, families may be able to be served at no cost through the Tooth Tazi.

Families of students in first through fifth grade can request that their child not participate in the Dental Screening on November 7th by signing below and returning this page to school before Thursday, November 3rd.

Thank you,

Veneta Elementary School

**Please excuse my child _____ from participating
in the dental screening on November 7th.**
