

VES

With most of the Veneta Elementary construction project wrapping up for this school year we're excited to share a few pictures of the new wing, classrooms, library, and the cafeteria. New flooring, more technology, landscaping, and new parking and bus loops are some of the improvements still to come.

EES

It is with great anticipation that construction is in full swing at Elmira Elementary. The ground works are moving along on schedule, despite the weather's occasional lack of cooperation. Plumbing and underground electrical have been laid, and the concrete has been poured.
