INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Fern Ridge School District No. 28-J
Lane County, Oregon

Opinions

We have audited the accompanying basic financial statements of the governmental activities, and each major fund of Fern Ridge School District No. 28-J (the District), as of and for the year ended June 30, 2022, and the related notes to the basic financial statements, which collectively comprise the basic financial statements as listed in the table of contents.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of June 30, 2022, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these basic financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of basic financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the basic financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the basic financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the basic financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the basic financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the basic financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the basic financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the basic financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance, except for the budgetary schedules presented as required supplementary information as listed in the table of contents.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information, as listed in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information, as listed in the table of contents, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

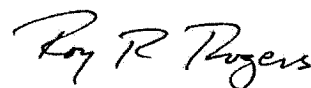

Management is responsible for the other information included in the annual report. The other information comprises the other information, as listed in the table of contents, and the listing of board members containing their term expiration dates, located before the table of contents, but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Report on Other Legal and Regulatory Requirements

In accordance with *Government Auditing Standards*, we have also issued our reports dated November 17, 2022 on our consideration of the internal control over financial reporting and on our tests of compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of these reports are to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the internal control over financial reporting or on compliance. The reports are an integral part of an audit performed in accordance with *Government Auditing Standards* in considering internal control over financial reporting and compliance.

In accordance with Minimum Standards for Audits of Oregon Municipal Corporations, we have issued our report dated November 17, 2022, on our consideration of compliance with certain provisions of laws and regulations, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing and not to provide an opinion on compliance.

PAULY, ROGERS AND CO., P.C.

FERN RIDGE SCHOOL DISTRICT 28J
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2022

As management of Fern Ridge School District 28J (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2022. We encourage readers to consider the information presented here. This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the District as a whole and present a longer-term view of the District's finances. Fund financial statements tell how these services were financed in the short-term, as well as what remains for future spending. Fund financial statements also report the District's operations in more detail than the government-wide statements.

FINANCIAL HIGHLIGHTS

- In the government-wide statements, the liabilities of the District exceeded its assets at June 30, 2022 by (\$3,534,491) (*total net position*). Of this amount, \$84,892 is restricted for debt service, \$485,619 for food service, \$357,358 for student body groups and \$202,882 for OPEB RHIA Asset, leaving (\$4,665,242) as unrestricted and available to meet the District's ongoing obligations.
- The District's total net position decreased by \$2,642,994 from the prior year, the result of total expenses \$27,628,372 exceeding total revenues of \$24,985,378.
- At the end of the current fiscal year, the unrestricted fund balance (the total of the assigned and unassigned components of fund balance) for the General Fund was \$5,685,769, or about 35% of total general fund revenue.
- Total cost of all the District's programs was \$27,628,372 million for the fiscal year, an increase of \$5,410,059 (24%) from the prior year.
- At the end of the current fiscal year, the General Fund unassigned fund balance was \$5,685,769 which represents 40% of total General Fund operating expenditures and an increase of \$1,019,855 from the prior year General Fund unassigned fund balance.
- The District's total outstanding bonds payable increased by \$3,562,386 during the 2021-22 fiscal year due to the refunding of the 2014 Bonds, which reduced the interest but increased the principal.

OVERVIEW OF THE FINANCIAL STATEMENTS

This Management's Discussion and Analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements: The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The **Statement of Net Position** focuses on resources available for future operations. In simple terms, this statement presents a snapshot view of what the District owns (assets), what it owes (liabilities), and the net difference (*net position*). Net position may be further separated into amounts restricted for specific purposes and unrestricted amounts. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The **Statement of Activities** presents information showing how the net position changed over the year by tracking revenues, expenses, and other transactions that increase or reduce net position. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

In the government-wide financial statements, the District's activities are shown in one category as *governmental activities*. All of the District's basic functions are shown here, such as regular and special education, child nutrition services, transportation, and administration. These activities are primarily financed through property taxes, Oregon's State School Fund, and other intergovernmental revenues.

Fund Financial Statements The *fund financial statements* provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District are considered governmental funds. To be considered a major fund, the fund must meet criteria established by generally accepted accounting principles.

Governmental Funds Governmental *funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The District maintains three individual governmental funds. Information is presented separately in the governmental funds Balance Sheet and in the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, and the Special Revenue Fund, and the Debt Service Fund.

Additionally, the District adopts an annual appropriated budget for all funds as required by Oregon budget law. Budgetary comparison statements have been provided to demonstrate compliance elsewhere in this report.

Notes to the Financial Statements The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information In addition to the basic financial statements and accompanying notes, this report also presents certain *Required Supplementary Information* including a schedule of funding progress for the District's early retirement program and other post-employment benefits (OPEB) plan, and a budget to actual presentation for all three major funds.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Statement of Net Position At June 30, 2022 liabilities exceeded assets by \$3,534,491. This is mainly due to the Outflow resource of the Bond Payable Account.

Fern Ridge School District 28J *Condensed Statement of Net Position*

	2022	2021	Change
Assets			
Current and Other Assets	\$ 12,526,638	\$ 11,426,766	\$ 1,099,872

Pension Related Deferrals	4,522,661	5,115,818	(593,157)
Total Assets and Pension Related Deferrals	<u>\$ 46,095,946</u>	<u>\$ 46,481,262</u>	<u>\$ (385,316)</u>
Liabilities			
Current and Other Liabilities	1,611,707	1,691,066	(79,359)
Long-Term Liabilities	41,673,553	44,318,528	(2,644,975)
Total Liabilities	<u>\$ 43,285,260</u>	<u>\$ 46,009,594</u>	<u>\$ (2,724,334)</u>
Deferred Inflows of Resources			
Pension Related Deferrals	6,345,177	1,363,165	4,982,012
Total Liabilities and Pension Related Deferrals	<u>\$ 49,630,437</u>	<u>\$ 47,372,759</u>	<u>\$ 2,257,678</u>
Net Position			
Investment in Capital Assets	-	4,121,128	(4,121,128)
Restricted for Various Purposes	1,130,751	1,082,963	47,788
Unrestricted	(4,665,242)	(6,095,588)	1,430,346
Total Net Position	<u>\$ (3,534,491)</u>	<u>\$ (891,497)</u>	<u>\$ (2,642,994)</u>
Total Liabilities, Pension Related Deferrals and Net Position	<u>\$ 46,095,946</u>	<u>\$ 46,481,262</u>	<u>\$ (385,316)</u>

Capital assets, which consist of the District's land and buildings (including improvements), vehicles, and equipment, and construction in process, represent 68% of total assets. The remaining assets consist of cash and investments, receivables, net OPEB benefits, net pension benefits and a note receivable.

The District's liabilities consist of current liabilities and long term liabilities. Long Term liabilities which represent 96% of total liabilities consist of repayment of long term debt including general obligation and limited tax pension obligation bonds and PERS, OPEB liabilities. Current liabilities, representing 4% of the District's total liabilities, consists of accounts payable, payroll liabilities and unearned revenue.

Most of the District's net position reflects its investment in capital assets (e.g. land, buildings, vehicles and equipment), less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to students and other District residents; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources (generally property taxes), since the capital assets themselves cannot be used to liquidate these liabilities.

During the current fiscal year, the District's overall net financial position decreased as indicated by a decrease of \$2,642,994 in net position. Unrestricted net position increased by \$1,430,346; at the same time, the District's investment in capital assets, net of related debt, decreased by \$4,121,128 due principally to the refunding of capital asset related debt.

Governmental Activities Revenues increased by \$1,713,100 or 7% and Expenses increased by \$5,410,059 or 24% during the 2021-2022 fiscal year.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds The focus of the District's governmental funds is to provide information on relatively short-term cash flow and funding for future basic services. Such information is useful in assessing the District's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of a fiscal year.

Governmental funds report the differences between their assets and liabilities as fund balance, which is classified and reported by the following categories:

- **Nonspendable Fund Balance** – funds which cannot be spent
- **Restricted Fund Balance** – funds subject to externally enforceable legal restrictions (imposed by creditors, grantors, contributors, governmental regulations, etc.)
- **Committed Fund Balance** – funds constrained by limitations that a government imposes upon itself
- **Assigned Fund Balance** – funds intended for use as established by the governing body itself, or by an official or officers to which authority is delegated by the governing body
- **Unassigned Fund Balance** – funds available for any purpose

At June 30, 2022, the District's governmental funds reported *combined ending fund balances* of \$10,337,867 an increase of \$1,191,863 in comparison with the prior year. Approximately \$4,652,097 (45%) of the ending fund balances constitutes *restricted or committed fund balance*, \$0 (0%) constitutes *assigned fund balance*, and \$5,685,769 (55%) constitutes *unassigned ending fund balance*, which is available for spending at the District's discretion.

General Fund The General Fund is the chief operating fund of the District. As of June 30, 2022, assigned fund balance was \$0 and unassigned fund balance was \$5,685,769. As a measure of the fund's liquidity, it may be useful to compare total fund balance to total fund revenues. At the end of the fiscal year, the General Fund balance was 35% of General Fund Revenues. The fund balance increased by \$1,019,855 from prior year.

Special Revenue Fund The Special Revenue Fund has a total fund balance of \$4,567,138, all of which is committed or restricted to technology purchases (\$557,918), early retirement commitments (\$1,577,363), maintenance reserves (\$1,468,352), Outdoor School (\$7,360), District Wellness (\$25,230) and athletic programs (\$82,393), Food Service (\$485,619), Student Body accounts (\$357,358) and Misc. (5,545). The net increase in fund balance during the current year was \$225,491.

Debt Service Fund The Debt Service Fund has a total fund balance of \$84,960 all of which is set aside for the payment of debt service. The net decrease in fund balance during the current year was \$53,483.

GENERAL FUND BUDGETARY HIGHLIGHTS

Original budget compared to final budget. Budget amounts shown in the financial statement reflect the original budget amounts.

Final budget compared to actual results. Final budgeted revenues were estimated lower than the actual experience of the District for the year ended June 30, 2022. Actual revenues earned by the General Fund totaled \$599,415 more than when compared to the projected amount to be received. A review of actual expenditures compared to the appropriations in the final budget yields a variance of budgeted expenditures of \$16,848,224 to actual expenditure of \$14,192,287 or underspending of budget authority of \$2,655,937 .

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets The District's investment in capital assets includes land, buildings and improvements, and vehicles and equipment. As of June 30, 2022, the District had \$28,964,257 invested in capital assets, net of depreciation, as shown on the following table:

Fern Ridge School District Capital Assets (net of depreciation)

	<u>June 30, 2022</u>	<u>June 30, 2021</u>	<u>Change</u>
Land	\$ 675,864	\$ 664,658	\$ 11,206
Construction in Process	-	-	-
Building and Improvements	27,724,810	28,776,886	(1,052,076)
Vehicles and Equipment	<u>563,583</u>	<u>497,134</u>	<u>66,449</u>
Total Capital Assets, Net of Related Accumulation Depreciation	<u>\$ 28,964,257</u>	<u>\$ 29,938,678</u>	<u>\$ (974,421)</u>

During the year, the District's net investment in capital assets decreased, because depreciations exceeded current year additions. Additional information regarding the District's capital assets can be found in Note 4 of this report.

Long Term Debt At the end of the current fiscal year, the District had total long-term debt outstanding of \$30,885,700. The debt consisted of general obligation bonds and pension obligation bonds.

Fern Ridge School District Outstanding Debt

	<u>June 30, 2022</u>	<u>June 30, 2021</u>	<u>Change</u>
General Obligation Bonds	\$ 26,950,700	\$ 22,893,314	\$ 4,057,386
Pension Obligation Bonds	<u>3,935,000</u>	<u>4,430,000</u>	<u>(495,000)</u>
Total	<u>\$ 30,885,700</u>	<u>\$ 27,323,314</u>	<u>3,562,386</u>

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

Resources supporting District General Fund operations primarily reflect local and state revenues, with additional income representing federal, county and other sources. The largest segment, which includes state funding and local property taxes, is determined by the State School Fund formula. The majority of funding provided by the State to the District is based on the District's average daily membership of students.

For the year ending June 30, 2023, the District adopted a General Fund budget of \$19,822,437, which is \$828,695 more than the 2021-2022 final budget. The 2022-2023 adopted budget included a 4% contingency and a projected ending fund balance of 11%.

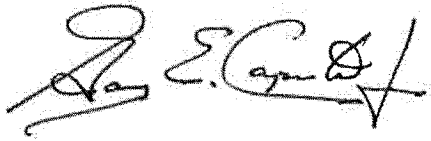

The major expenditure requirements of the District are the salaries and benefits of our teachers, support staff and administration, and the payment of early retirement benefits to retired licensed and classified staff. Salaries and

benefits represent nearly 80% of the District's total General Fund operating costs and are expected to increase in 2022-2023 as a result of previously negotiated salary and benefit increases.

The District's Budget Committee and School Board considered all of these factors while reviewing the District's budget for the 2022-2023 fiscal year. In June 2022, the board adopted the District budget for the fiscal year 2022-2023.

REQUESTS FOR INFORMATION

This financial report is designed to present the user (citizens, taxpayers, investors, and creditors) with a general overview of the District's finances and to demonstrate the District's accountability. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the District's Business Manager at 88834 Territorial Road, Elmira, Oregon 97437.

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

**Reconciliation of the Governmental Funds Statement of Revenues,
Expenditures, and Changes in Fund Balances to the Statement of Activities**

For the year Ended June 30, 2022

Net Change in Fund Balance	\$	1,191,863
-----------------------------------	-----------	------------------

Amounts reported for governmental activities in the Statement of Activities and Changes in Net Position are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the Statement of Activities and Changes in Net Position, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

Capital asset additions	\$ 253,775	
Depreciation expense	<u>(1,228,196)</u>	(974,421)

Because some property taxes will not be collected for several months after the District's fiscal year ends, they are not considered as available revenues in the governmental funds, and are instead recorded as deferred revenue. They are, however, recorded as revenues in the Statement of Activities and Changes in Net Position.

General Fund	774	
Debt Service Fund	<u>(2,372)</u>	(1,598)

The PERS Pension income (expense) and RHIA OPEB income (expense) represent the changes in Net Pension Liability and Net Pension Asset, respectively, from year to year due to changes in total pension liability and changes in total pension asset and the fair value of pension plan net position available to pay pension benefits.

PERS Income	252,641	
RHIA Income	<u>25,359</u>	278,000

Change in net OPEB liability and deferrals (Stipends)	77,089
---	--------

Change in net OPEB liability and deferrals (Health Insurance)	133,067
---	---------

Long-term debt proceeds are reported as other financing sources in governmental funds. In the Statement of Net Position, however, issuing long-term debt increases liabilities. Similarly, repayment of principal is an expenditure in the governmental funds but reduces the liability in the Statement of Net Position. This is the amount by which proceeds exceeded repayments.

Long-Term Obligations Issued	(21,852,439)	
Amortization of premium on bonds	194,949	
Bond Issuance Costs	(227,561)	
Debt principal repaid	<u>18,517,614</u>	(3,367,437)

Amortization of discount on PERS bonds	106
--	-----

In the Statement of Activities interest is accrued on long-term debt, whereas in the governmental funds it is recorded as an interest expense when due.	20,784
---	--------

Payment on Lease Liability decreases liabilities in the Statement of Net Position.

Payment on Lease Liability	14,664
----------------------------	--------

Amortization Expense increases the expenses on the Statement of Activities.

Amortization Expense		<u>(15,111)</u>
----------------------	--	-----------------

Change in Net Position	\$	<u>(2,642,994)</u>
-------------------------------	-----------	---------------------------

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO THE BASIC FINANCIAL STATEMENTS

This Page Intentionally Left Blank

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the accounting policies are described below.

A. THE FINANCIAL REPORTING ENTITY

Fern Ridge School District No. 28-J (The District), Lane County, Oregon, is a municipal corporation governed by an independently elected board of directors and is legally separate from all other entities, organized under provisions of Oregon Revised Statutes Chapter 332 for the purpose of operating elementary and secondary schools. It is also financially independent of other state and local governmental units. It has the power to levy taxes, responsibility for its debts and entitlement to any surpluses.

The District qualifies as a primary government since it has a separately elected governing body, is a legally separate entity, and is fiscally independent. There are various governmental agencies and special service districts which provide services within the District's boundaries. However, the District is not financially accountable for any of these entities, and therefore, none of them are considered component units or included in these basic financial statements.

B. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND BASIS OF PRESENTATION

Government Wide Basic financial statements (GWFS)

The government-wide basic financial statements (i.e., the Statement of Net Position and the Statement of Activities) display information about the District as a whole.

The government-wide basic financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with GASB Statement No. 33 "Accounting and Financial Reporting for Non-exchange Transactions." Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

All direct expenses are reported by function in the Statement of Activities. The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Interest on general long-term debt is considered an indirect expense and it reported separately on the Statement of Activities.

Program revenues derive directly from the program itself or from parties outside the District's taxpayers or citizenry, as a whole. Program revenues reduce the cost of the function to be financed from the general revenues and include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND BASIS OF PRESENTATION (CONTINUED)

In the process of aggregating data for the Statement of Net Position and the Statement of Activities, some amounts reported as interfund activity and balances in the funds were eliminated or reclassified. Interfund receivables and payables were eliminated to minimize the "grossing up" effect on assets and liabilities.

Fund Basic financial statements

The accounts are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions.

Governmental Fund Types

Governmental funds are used to account for the general governmental activities. Governmental fund basic financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized as soon as they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period, which is 60 days. Expenditures generally are recorded when a liability is incurred, except for unmatured interest on general long-term debt which is recognized when due, interfund transactions, and certain compensated absences, pension and OPEB costs which are not recognized as expenditures because they will be liquidated with future expendable financial resources.

Revenues susceptible to accrual are interest, state, county and local shared revenue and federal and state grants. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

There are the following major governmental funds:

General Fund

This fund accounts for all financial resources and expenditures, except those required to be accounted for in another fund. The principal revenue sources are property taxes and an apportionment from the State of Oregon School Support Fund.

Special Revenue Fund

This fund accounts for the aggregate financial resources and expenditures of all special purpose governmental funds.

Debt Service Fund

This fund accounts for the accumulation of resources for, and the repayment of, general long-term debt, principal and interest. The principal revenue source is property taxes.

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND BASIS OF PRESENTATION (CONTINUED)

Use of Estimates

The preparation of the basic financial statements in conformity with generally accepted accounting principles in the United States of America requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and reported amounts of revenues, expenditures and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Fair Value Inputs and Methodologies and Hierarchy

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Observable inputs are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are developed based on the best information available about the assumptions market participants would use in pricing the asset. The classification of securities within the fair value hierarchy is based up on the activity level in the market for the security type and the inputs used to determine their fair value, as follows:

Level 1 – unadjusted price quotations in active markets/exchanges for identical assets or liabilities that each Fund has the ability to access

Level 2 – other observable inputs (including, but not limited to, quoted prices for similar assets or liabilities in markets that are active, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, loss severities, credit risks and default rates) or other market-corroborated inputs)

Level 3 – unobservable inputs based on the best information available in the circumstances, to the extent observable inputs are not available (including each Fund's own assumptions used in determining the fair value of investments)

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3. The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the fair value hierarchy classification is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Property Taxes

Ad valorem property taxes are levied and become a lien on all taxable property as of July 1. Property taxes are payable on November 15. Collection dates are November 15, February 15, and May 15. Discounts are allowed if the amount due is received by November 15. Taxes unpaid and outstanding on May 16 are considered delinquent.

Uncollected property taxes are shown in the balance sheet. Uncollected taxes are deemed by management to be substantially collectible or recoverable through liens; therefore, no allowance for uncollectible taxes has been established.

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND BASIS OF PRESENTATION (CONTINUED)

Grants

Unreimbursed grant expenditures due from grantor agencies are recorded as receivables and revenues. Cash received from grantor agencies in excess of related grant expenditures that is to be carried over to the next fiscal year is recorded as a liability, unearned revenue.

Supply Inventories

All inventories are valued at cost (first-in, first-out method). Inventories are recorded as expenditures when consumed rather than when purchased on the government-wide financial statements. Supply inventories are not considered by management to be material at year end and, therefore, they are not reported as an asset in the basic financial statements.

Capital Assets

Capital assets, which include land, buildings and improvements, and equipment, are reported in the government wide financial statements. Capital assets are defined as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Capital assets are recorded at historical cost or estimated historical cost. Donated capital assets are recorded at their estimated fair market value on the date donated. The cost of routine maintenance and repairs that do not add to the value of the assets or materially extend asset lives are charged to expenditures as incurred and not capitalized. Capital assets are depreciated using the straight-line method over the following useful lives:

Buildings and Improvements	20 to 50 years
Vehicles and Equipment	5 to 15 years

Long Term Obligations

In the government-wide basic financial statements long-term debt and other long-term obligations are reported as liabilities in the governmental activities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the bonds outstanding method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Retirement Plans

Substantially all of the District's employees are participants in the State of Oregon Public Employees Retirement System (PERS). For the purpose of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about fiduciary net position of PERS and additions to/deductions from PERS's fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND BASIS OF PRESENTATION (CONTINUED)

Retirement Plans (continued)

Certificated employees who have reached age 55 or have 30 years of PERS service, the last 15 years of which have been in Fern Ridge School District No. 28-J, are eligible for early retirement benefits which are funded and charged to expenditures as payments become due to early retirees.

Classified employees who have reached age 58 or have 30 years of PERS service, the last 15 years of which have been in Fern Ridge School District No. 28-J, are eligible for early retirement benefits which are funded and charged to expenditures as payments become due to early retirees.

Vested Compensated Absences

It is policy to permit certain employees to accumulate earned unused vacation pay benefits. There is no liability for unpaid accumulated sick leave since there is no policy to pay any amounts when employees separate from service with the District. All vacation pay is accrued in the government wide statements. A liability is also accrued in the governmental funds because vacation pay is expected to be liquidated with expendable available resources.

Interfund Transactions

Transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed. Operating interfund transactions are reported as transfers.

Net Position

Net position is comprised of the various net earnings from operations, nonoperating revenues, expenses and contributions of capital. Net position is classified in the following three categories:

Net Investment in Capital Assets – consists of all capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. There is no net investment in capital assets included in the Statement of Net Position due to the amount of capital asset related debt exceeding the amount of net capital assets at June 30, 2022.

Restricted – consists of external constraints placed on asset use by creditors, grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation. There are restricted assets for debt service and other special purpose funds.

Unrestricted – consists of all other assets that are not included in the other categories previously mentioned.

Deferred Outflows/Inflows of Resources

In addition to assets, the basic financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. At June 30, 2022, there were deferred outflows representing PERS pension related deferrals, OPEB related deferrals for RHIA and OPEB related deferrals for health insurance reported in the statement of net position.

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND BASIS OF PRESENTATION (CONTINUED)

Deferred Outflows/Inflows of Resources (continued)

In addition to liabilities, the basic financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has two types of items, which qualifies for reporting in this category. The first of this category is unearned revenue for property taxes reported in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. At June 30, 2022, there were also deferred inflows representing PERS pension related deferrals, OPEB RHIA related deferrals, OPEB stipend related deferrals, and OPEB related deferrals for health insurance reported in the statement of net position.

Fund Equity

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund-type Definitions*, is followed. The objective of this statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund-type definitions. This statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed on the use of the resources reported in governmental funds. Under this standard, the fund balance classifications are – nonspendable, restricted, committed, assigned, and unassigned.

- Nonspendable represents amounts that are not in a spendable form.
- Restricted represents amounts that are legally restricted by outside parties for a specific purpose (such as debt covenants, grant requirements, donor requirements, or other governments) or are restricted by law (constitutionally or by enabling legislation).
- Committed represents funds formally set aside by the governing body for a particular purpose. The use of committed funds would be approved by resolution.
- Assigned represents amounts that are constrained by the expressed intent to use resources for specific purposes that do not meet the criteria to be classified as restricted or committed. Intent can be stipulated by the governing body or by an official to whom that authority has been given by the governing body. The Superintendent and Business Manager have been granted the authority to assign fund balances.
- Unassigned is the residual classification of the General Fund. Only the General Fund may report a positive unassigned fund balance. Other governmental funds would report any negative residual fund balance as unassigned.

There are no nonspendable or assigned fund balances at year end.

The governing body has approved the following order of spending regarding fund balance categories: Restricted resources are spent first when both restricted and unrestricted (committed, assigned or unassigned) resources are available for expenditures. When unrestricted resources are spent, the order of spending is committed (if applicable), assigned (if applicable) and unassigned.

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND BASIS OF PRESENTATION (CONTINUED)

To preserve a sound financial system and to provide a stable financial base, the governing body has adopted a minimum fund balance policy. The District has established a targeted minimum for the General Fund ending fund balance of 5% of annual operating revenues.

2. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary Information

A budget is prepared and legally adopted for each governmental fund in accordance with Oregon Local Budget Law. These budgets are all prepared using the modified accrual basis of accounting. The budgets for all budgeted funds are adopted on a basis consistent with generally accepted accounting principles in the United States of America except the property taxes received over 60 days after year-end are not considered budgetary resources in the funds, inventory is expensed when purchased, capital outlay is recorded as an expenditure rather than capitalized, depreciation is not recorded on capital assets and debt, pensions costs and not recorded until paid, and OPEB expenses are expensed as paid instead of when incurred.

The budgeting process begins by appointing Budget Committee members in early fall. Budget recommendations are developed by management through spring, with the Budget Committee meeting and approving the budget document in late spring. Public notices of the budget hearing are generally published in May or June, and the hearing is held in June. The budget is adopted, appropriations are made and the tax levy is declared no later than June 30. Expenditure budgets are appropriated at the major function level (instruction, support services, community services, debt service, contingency, and transfers) for each fund. Expenditure appropriations may not legally be over expended, except in the case of grant receipts which could not be reasonably estimated at the time the budget was adopted.

Unexpected additional resources may be added to the budget through the use of a supplemental budget and appropriation resolution. Supplemental budgets less than 10% of the fund's original budget may be adopted by the Board of Directors at a regular meeting. A supplemental budget greater than 10% of the fund's original budget requires hearings before the public, publication in newspapers and approval by the Board. Original and supplemental budgets may be modified by the use of appropriation transfers between the levels of control (major function levels). Such transfers require approval by the Board.

Budget amounts shown in the financial statements include the original budget amounts and appropriation transfers approved by the Board. Appropriations lapse at the end of each fiscal year.

Expenditures of the various funds were within authorized appropriations for the year ended June 30, 2022.

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

3. CASH AND INVESTMENTS

Investments in the Local Government Investment Pool (LGIP) are included in the Oregon Short-Term Fund, which is an external investment pool that is not a 2a-7-like external investment pool, and is not registered with the U.S. Securities and Exchange Commission as an investment company. Fair value of the LGIP is calculated at the same value as the number of pool shares owned. The unit of account is each share held, and the value of the position would be the fair value of the pool's share price multiplied by the number of shares held. Investments in the Short-Term Fund are governed by ORS 294.135, Oregon Investment Council, and portfolio guidelines issued by the Oregon Short-Term Fund Board, which establish diversification percentages and specify the types and maturities of investments. The portfolio guidelines permit securities lending transactions as well as investments in repurchase agreements and reverse repurchase agreements. The fund appears to be in compliance with all portfolio guidelines at June 30, 2022. The LGIP seeks to exchange shares at \$1.00 per share; an investment in the LGIP is neither insured nor guaranteed by the FDIC or any other government agency. Although the LGIP seeks to maintain the value of share investments at \$1.00 per share, it is possible to lose money by investing in the pool. We intend to measure these investments at book value since it *materially approximates fair value.*

The pool is comprised of a variety of investments. These investments are characterized as a level 2 fair value measurement in the Oregon Short Term Fund's audited financial report. As of June 30, 2022, the fair value of the position in the *LGIP is 98.98%* of the value of the pool shares as reported in the Oregon Short Term Fund audited financial statements. Amounts in the State Treasurer's Local Government Investment Pool are not required to be collateralized.

Cash and Investments at June 30, 2022 consisted of:

Demand Deposits	\$ 1,164,522
Local Government Investment Pool	9,598,744
	<u>\$ 10,665,358</u>

Presentation in the Basic Financial Statements

Governmental Activities	\$ 10,665,358
	<u>\$ 10,665,358</u>

Deposits

Deposits with financial institutions include bank demand deposits. Oregon Revised Statutes require deposits to be adequately covered by federal depository insurance or deposited at an approved depository as identified by the Treasury. The total bank balance per the bank statements as of June 30, 2022 was \$1,667,655, of which \$250,040 was covered by federal depository insurance and the remainder was collateralized by the Oregon Public Funds Collateralization Program (PFCP).

Credit Risk – Deposits

In the case of deposits, this is the risk that in the event of a bank failure, deposits may not be returned. There is no deposit policy for custodial credit risk. As of June 30, 2022, none of the bank balances were exposed to custodial credit risk.

Investments

State statutes governing cash management are followed. Statutes authorize investing in banker's acceptances, time certificates of deposit, repurchase agreements, obligations of the United States and its agencies and instrumentalities, and the Oregon State Treasurer's Local Government Investment Pool.

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

3. CASH AND INVESTMENTS (CONTINUED)

There were the following investments and maturities:

Investment Type	Fair Value	Investment Maturities (in months)		
		Less than 3	3-18	18-59
State Treasurer's Local Government Investment Pool	\$ 9,598,744	\$ 9,598,744	\$ -	\$ -
Total	<u>\$ 9,598,744</u>	<u>\$ 9,598,744</u>	<u>\$ -</u>	<u>\$ -</u>

Interest Rate Risk - Investments

Oregon Revised Statutes require investments to not exceed a maturity of 18 months, except when the local government has adopted a written investment policy that was submitted to and reviewed by the OSTFB. There are no investments that have a maturity date beyond three months.

Credit Risk - Investments

Oregon Revised Statutes do not limit investments as to credit rating for securities purchased from US Government Agencies or USGSE. The State Investment Pool is not rated.

Concentration of Credit Risk

At June 30, 2022, 100% of total investments were in the State Treasurer's Investment Pool. State statutes do not limit the percentage of investments in this instrument.

4. CAPITAL ASSETS

The changes in capital assets for the fiscal year ended June 30, 2022, are as follows:

	Governmental Capital Assets 7/1/2021	Additions	Deletions	Governmental Capital Assets 6/30/2022
Non-Depreciable:				
Land & Land Improvements	\$ 664,658	\$ 11,206	\$ -	\$ 675,864
Depreciable:				
Buildings & Improvements	43,321,093	91,631	-	43,412,724
Vehicles and Equipment	1,715,869	150,938	-	1,866,807
	<u>45,701,620</u>	<u>253,775</u>	<u>-</u>	<u>45,955,395</u>
Accumulated Depreciation:				
Buildings and Improvements	14,544,207	1,143,707	-	15,687,914
Vehicles and Equipments	1,218,735	84,489	-	1,303,224
	<u>15,762,942</u>	<u>1,228,196</u>	<u>-</u>	<u>16,991,138</u>

NOTES TO BASIC FINANCIAL STATEMENTS

4. CAPITAL ASSETS (CONTINUED)

Depreciation was allocated to the functions as follows:

Instruction	\$ 701,811
Support	480,533
Community Services	<u>45,852</u>
Total Depreciation Expense	<u>\$ 1,228,196</u>

5. DEFINED BENEFIT PENSION PLAN

Plan Description – The Oregon Public Employees Retirement System (PERS) consists of a single cost-sharing multiple-employer defined benefit plan. All benefits of the system are established by the legislature pursuant to Oregon Revised Statute (ORS) Chapters 238 and 238A. Oregon PERS produces an independently audited Annual Comprehensive Financial Report which can be found at:

<https://www.oregon.gov/pers/Documents/Financials/CAFR/2021-ACFR.pdf>

If the link is expired please contact Oregon PERS for this information.

- a. **PERS Pension (Chapter 238).** The ORS Chapter 238 Defined Benefit Plan is closed to new members hired on or after August 29, 2003.
- i. **Pension Benefits.** The PERS retirement allowance is payable monthly for life. It may be selected from 13 retirement benefit options. These options include survivorship benefits and lump-sum refunds. The basic benefit is based on years of service and final average salary. A percentage (2.0 percent for police and fire employees, and 1.67 percent for general service employees) is multiplied by the number of years of service and the final average salary. Benefits may also be calculated under either a formula plus annuity (for members who were contributing before August 21, 1981) or a money match computation if a greater benefits results. A member is considered vested and will be eligible at minimum retirement age for a service retirement allowance if he or she has had a contribution in each of five calendar years or has reached at least 50 years of age before ceasing employment with a participating employer (age 45 for police and fire members). General service employees may retire after reaching age 55. Police and fire members are eligible after reaching age 50. Tier 1 general service employee benefits are reduced if retirement occurs prior to age 58 with fewer than 30 years of service. Police and fire member benefits are reduced if retirement occurs prior to age 55 with fewer than 25 years of service. Tier 2 members are eligible for full benefits at age 60. The ORS Chapter 238 Defined Benefit Pension Plan is closed to new members hired on or after August 29, 2003.
- ii. **Death Benefits.** Upon the death of a non-retired member, the beneficiary receives a lump-sum refund of the member's account balance (accumulated contributions and interest). In addition, the beneficiary will receive a lump-sum payment from employer funds equal to the account balance, provided one or more of the following contributions are met:
- member was employed by PERS employer at the time of death,
 - member died within 120 days after termination of PERS covered employment,
 - member died as a result of injury sustained while employed in a PERS-covered job, or
 - member was on an official leave of absence from a PERS-covered job at the time of death.
- iii. **Disability Benefits.** A member with 10 or more years of creditable service who becomes disabled from other than duty-connected causes may receive a non-duty disability benefit. A disability resulting from a job-incurred injury or illness qualifies a member (including PERS judge members) for disability benefits regardless of the length of PERS-covered service.

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

5. DEFINED BENEFIT PENSION PLAN (CONTINUED)

Upon qualifying for either a non-duty or duty disability, service time is computed to age 58 (55 for police and fire members) when determining the monthly benefit.

- iv. **Benefit Changes After Retirement.** Members may choose to continue participation in their variable account after retiring and may experience annual benefit fluctuations due to changes in the fair value of the underlying global equity investments of that account. Under ORS 238.360 monthly benefits are adjusted annually through cost-of-living changes (COLA). The COLA is capped at 2.0 percent.
- b. **OPSRP Pension Program (OPSRP DB).** The ORS Chapter 238A Defined Benefit Pension Program provides benefits to members hired on or after August 29, 2003.
 - i. **Pension Benefits.** This portion of OPSRP provides a life pension funded by employer contributions. Benefits are calculated with the following formula for members who attain normal retirement age:
Police and fire: 1.8 percent is multiplied by the number of years of service and the final average salary. Normal retirement age for police and fire members is age 60 or age 53 with 25 years of retirement credit. To be classified as a police and fire member, the individual must have been employed continuously as a police and fire member for at least five years immediately preceding retirement.
General service: 1.5 percent is multiplied by the number of years of service and the final average salary. Normal retirement age for general service members is age 65, or age 58 with 30 years of retirement credit.
A member of the pension program becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, and, if the pension program is terminated, the date on which termination becomes effective.
 - ii. **Death Benefits.** Upon the death of a non-retired member, the spouse or other person who is constitutionally required to be treated in the same manner as the spouse, receives for life 50 percent of the pension that would otherwise have been paid to the deceased member. The surviving spouse may elect to delay payment of the death benefit, but payment must commence no later than December 31 of the calendar year in which the member would have reached 70½ years.
 - iii. **Disability Benefits.** A member who has accrued 10 or more years of retirement credits before the member becomes disabled or a member who becomes disabled due to job-related injury shall receive a disability benefit of 45 percent of the member's salary determined as of the last full month of employment before the disability occurred.

Contributions – PERS funding policy provides for monthly employer contributions at actuarially determined rates. These contributions, expressed as a percentage of covered payroll, are intended to accumulate sufficient assets to pay benefits when due. The funding policy applies to the PERS Defined Benefit Plan and the Other Postemployment Benefit Plans. Employer contribution rates during the period were based on the December 31, 2019 actuarial valuation, which became effective July 1, 2021. The state of Oregon and certain schools, community colleges, and political subdivision have made unfunded actuarial liability payments and their rates have been reduced. Employer contributions for the year ended June 30, 2022 were \$1,697,771, excluding amounts to fund employer specific liabilities. In addition approximately \$471,426 in employee contributions were paid or picked up by the District in fiscal 2021-2022.

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

5. DEFINED BENEFIT PENSION PLAN (CONTINUED)

Pension Asset or Liability – At June 30, 2022, the District reported a net pension liability of \$6,773,805 for its proportionate share of the net pension liability. The pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation dated December 31, 2019. The District’s proportion of the net pension liability was based on a projection of the District’s long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. As of the measurement date of June 30, 2021 and 2020, the District’s proportion was .057 percent and .058 percent, respectively. Pension income for the year ended June 30, 2022 was \$252,641.

The rates in effect for the year ended June 30, 2022 were:

- (1) Tier 1/Tier 2 – 13.90%
- (2) OPSRP general services – 10.79%

	Deferred Outflow of Resources	Deferred Inflow of Resources
Difference between expected and actual experience	\$ 634,072	\$ -
Changes in assumptions	1,695,687	17,827
Net difference between projected and actual earnings on pension plan investments	-	5,014,596
Net changes in proportionate share	187,557	346,631
Differences between District contributions and proportionate share of contributions	-	580,581
Subtotal - Amortized Deferrals (below)	2,517,316	5,959,635
District contributions subsequent to measuring date	1,697,771	
Deferred outflow (inflow) of resources	\$ 4,215,087	\$ 5,959,635

The amount of contributions subsequent to the measurement date will be included as a reduction of the net pension liability in the fiscal year ended June 30, 2023.

Subtotal amounts related to pension as deferred outflows of resources \$2,517,316, or deferred inflows of resources, (\$5,959,635), net to (\$3,442,319) and will be recognized in pension income as follows:

Year ending June 30,	Amount
2023	(704,923)
2024	(728,017)
2025	(833,356)
2026	(1,296,750)
2027	120,727
Thereafter	-
Total	\$ (3,442,319)

NOTES TO BASIC FINANCIAL STATEMENTS

5. DEFINED BENEFIT PENSION PLAN (CONTINUED)

All assumptions, methods and plan provisions used in these calculations are described in the Oregon PERS system-wide GASB 68 reporting summary dated March 1, 2022. Oregon PERS produces an independently audited CAFR which can be found at:

<https://www.oregon.gov/pers/Documents/Financials/CAFR/2021-ACFR.pdf>

Actuarial Valuations – The employer contribution rates effective July 1, 2021 through June 30, 2023, were set using the entry age normal actuarial cost method. For the Tier One/Tier Two component of the PERS Defined Benefit Plan, this method produced an employer contribution rate consisting of (1) an amount for normal cost (estimated amount necessary to finance benefits earned by employees during the current service year), (2) an amount for the amortization unfunded actuarial accrued liabilities, which are being amortized over a fixed period with new unfunded actuarial liabilities being amortized over 20 years.

For the OPSRP Pension Program component of the PERS Defined Benefit Plan, this method produced an employer rate consisting of (a) an amount for normal cost (the estimated amount necessary to finance benefits earned by the employees during the current service year), (b) an actuarially determined amount for funding a disability benefit component, and (c) an amount for the amortization of unfunded actuarial accrued liabilities, which are being amortized over a fixed period with new unfunded actuarial accrued liabilities being amortized over 16 years.

Actuarial Methods and Assumptions:

Valuation date	December 31, 2019
Experience Study Report	2018, Published July 24, 2019
Actuarial cost method	Entry Age Normal
Amortization method	Level percentage of payroll
Asset valuation method	Market value of assets
Inflation rate	2.40 percent (reduced from 2.50 percent)
Investment rate of return	6.90 percent (reduced from 7.20 percent)
Discount rate	6.90 percent (reduced from 7.20 percent)
Projected salary increase	3.40 percent (reduced from 3.50 percent)
Cost of Living Adjustment	Blend of 2% COLA and graded COLA (1.25%/0.15%) in accordance with <i>Moro</i> decision; blend based on service
Mortality	Healthy retirees and beneficiaries: Pub-2010 Healthy Retiree, sex distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation. Active members: Pub-2010 Employee, sex distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation. Disabled retirees: Pub-2010 Disabled Retiree, sex distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation.

Actuarial valuations of an ongoing plan involve estimates of value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Experience studies are performed as of December 31 of even numbered years. The method and assumptions shown are based on the 2018 Experience Study which is reviewed for the four-year period ending December 31, 2018.

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

5. DEFINED BENEFIT PENSION PLAN (CONTINUED)

Assumed Asset Allocation:

Asset Class/Strategy	Low Range	High Range	OIC Target
Debt Securities	15.0%	25.0%	20.0%
Public Equity	27.5%	37.5%	32.5%
Real Estate	9.5%	15.5%	12.5%
Private Equity	14.0%	21.0%	17.5%
Alternatives Portfolio	7.5%	17.5%	15.0%
Opportunity Portfolio	0.0%	5.0%	0.0%
Risk Parity	0.0%	2.5%	2.5%
Total			100.0%

(Source: June 30, 2021 PERS CAFR; p. 104)

Long-Term Expected Rate of Return:

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in June 2021 the PERS Board reviewed long-term assumptions developed by both Milliman's capital market assumptions team and the Oregon Investment Council's (OIC) investment advisors. The table below shows Milliman's assumptions for each of the asset classes in which the plan was invested at that time based on the OIC long-term target asset allocation. The OIC's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model.

Asset Class	Target Allocation	Compound Annual (Geometric) Return
Global Equity	30.62%	5.85%
Private Equity	25.50%	7.71%
Core Fixed Income	23.75%	2.73%
Real Estate	12.25%	5.66%
Master Limited Partnerships	0.75%	5.71%
Infrastructure	1.50%	6.26%
Commodities	0.63%	3.10%
Hedge Fund of Funds - Multistrategy	1.25%	5.11%
Hedge Fund Equity - Hedge	0.63%	5.31%
Hedge Fund - Macro	5.62%	5.06%
US Cash	-2.50%	1.76%
<i>Assumed Inflation - Mean</i>		2.40%

(Source: June 30, 2021 PERS CAFR; p. 74)

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

5. DEFINED BENEFIT PENSION PLAN (CONTINUED)

Discount Rate – The discount rate used to measure the total pension liability as of the measurement dates of June 30, 2021 and 2020 was 6.90 and 7.20 percent, respectively, for the Defined Benefit Pension Plan. The projection of cash flows used to determine the discount rate assumed that contributions from the plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for the Defined Benefit Pension Plan was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District’s proportionate share of the net pension liability to changes in the discount rate – the following presents the District’s proportionate share of the net pension liability calculated using the discount rate of 6.90 percent, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percent lower (5.90 percent) or one percent higher (7.90 percent) than the current rate.

	1% Decrease (5.90%)	Discount Rate (6.90%)	1% Increase (7.90%)
District's proportionate share of the net pension liability	13,302,133	6,773,805	1,311,964

Changes Subsequent to the Measurement Date:

As described above, GASB 67 and GASB 68 require the Total Pension Liability to be determined based on the benefit terms in effect at the Measurement Date. Any changes to benefit terms that occurs after that date are reflected in amounts reported for the subsequent Measurement Date. However, Paragraph 80f of GASB 68 requires employers to briefly describe any changes between the Measurement Date and the employer’s reporting date that are expected to have a significant effect on the employer’s share of the collective Net Pension Liability, along with an estimate of the resulting change, if available.

There are no changes subsequent to the June 30, 2021 Measurement Date that meet this requirement and thus would require a brief description under the GASB standard.

OPSRP Individual Account Program (OPSRP IAP)

Plan Description:

Employees of the District are provided with pensions through OPERS. All the benefits of OPERS are established by the Oregon legislature pursuant to Oregon Revised Statute (ORS) Chapters 238 and 238A. Chapter 238 Defined Benefit Pension Plan is closed to new members hired on or after August 29, 2003. Chapter 238A created the Oregon Public Service Retirement Plan (OPSRP), which consists of the Defined Benefit Pension Program and the Individual Account Program (IAP). Membership includes public employees hired on or after August 29, 2003. PERS members retain their existing defined benefit plan accounts, but member contributions are deposited into the member’s IAP account. OPSRP is part of OPERS, and is administered by the OPERS Board.

Pension Benefits:

Participants in OPERS defined benefit pension plans also participate in their defined contribution plan. An IAP member becomes vested on the date the employee account is established or on the date the rollover account was established. If the employer makes optional employer contributions for a member, the member becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, the date the IAP is terminated, the date the active member becomes disabled, or the date the active member dies.

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

5. DEFINED BENEFIT PENSION PLAN (CONTINUED)

Upon retirement, a member of the OPSRP IAP may receive the amounts in his or her employee account, rollover account, and vested employer account as a lump-sum payment or in equal installments over a 5-, 10-, 15-, 20-year period or an anticipated life span option. Each distribution option has a \$200 minimum distribution limit.

Death Benefits:

Upon the death of a non-retired member, the beneficiary receives in a lump sum the member's account balance, rollover account balance, and vested employer optional contribution account balance. If a retired member dies before the installment payments are completed, the beneficiary may receive the remaining installment payments or choose a lump-sum payment.

Contributions:

Employees of the District pay six (6) percent of their covered payroll. Effective July 1, 2020, currently employed Tier 1/Tier 2 and OPSRP members earning \$2,500 or more per month (increased to \$2,535 per month on January 1, 2021) will have a portion of their 6 percent monthly IAP contributions redirected to an Employee Pension Stability Account. The Employee Pension Stability Account will be used to pay part of the member's future benefit. Of the 6 percent monthly IAP contribution, Tier 1/Tier 2 will have 2.5 percent redirected to the Employee Pension Stability Account and OPSRP will have 0.75 percent redirected to the Employee Pension Stability Account, with the remaining going to the member's existing IAP account. Members may voluntarily choose to make additional after-tax contributions into their IAP account to make a full 6 percent contribution to the IAP. The District did not make any optional contributions to member IAP accounts for the year ended June 30, 2022.

Additional disclosures related to Oregon PERS not applicable to specific employers are available online, or by contacting PERS at the following address: PO Box 23700 Tigard, OR 97281-3700.

<http://www.oregon.gov/pers/EMP/Pages/GASB.aspx>

6. OTHER POST-EMPLOYMENT BENEFIT PLAN (RHIA)

Plan Description:

As a member of Oregon Public Employees Retirement System (OPERS) the District contributes to the Retirement Health Insurance Account (RHIA) for each of its eligible employees. RHIA is a cost-sharing multiple-employer defined benefit other postemployment benefit plan administered by OPERS. RHIA pays a monthly contribution toward the cost of Medicare companion health insurance premiums of eligible retirees. Oregon Revised Statute (ORS) 238.420 established this trust fund. Authority to establish and amend the benefit provisions of RHIA reside with the Oregon Legislature. The plan is closed to new entrants after January 1, 2004. OPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Oregon Public Employees Retirement System, PO Box 23700, Tigard, OR 97281-3700.

Funding Policy:

Because RHIA was created by enabling legislation (ORS 238.420), contribution requirements of the plan members and the participating employers were established and may be amended only by the Oregon Legislature. ORS require that an amount equal to \$60 dollars or the total monthly cost of Medicare companion health insurance premiums coverage, whichever is less, shall be paid from the Retirement Health Insurance Account established by the employer, and any monthly cost in excess of \$60 dollars shall be paid by the eligible retired member in the manner provided in ORS 238.410.

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

6. OTHER POST-EMPLOYMENT BENEFIT PLAN (RHIA) (CONTINUED)

To be eligible to receive this monthly payment toward the premium cost the member must: (1) have eight years or more of qualifying service in OPERS at the time of retirement or receive a disability allowance as if the member had eight years or more of creditable service in OPERS, (2) receive both Medicare Parts A and B coverage, and (3) enroll in an OPERS-sponsored health plan. A surviving spouse or dependent of a deceased OPERS retiree who was eligible to receive the subsidy is eligible to receive the subsidy if he or she (1) is receiving a retirement benefit or allowance from OPERS or (2) was insured at the time the member died and the member retired before May 1, 1991.

Participating employers are contractually required to contribute to RHIA at a rate assessed each year by OPERS, and the District currently contributes 0.05% of annual covered OPERF payroll and 0.00% of OPSRP payroll under a contractual requirement in effect until June 30, 2022. Consistent with GASB Statement 75, the OPERS Board of Trustees sets the employer contribution rates as a measure of the proportionate relationship of the employer to all employers consistent with the manner in which contributions to the OPEB plan are determined. The basis for the employer's portion is determined by comparing the employer's actual, legally required contributions made during the fiscal year to the plan with the total actual contributions made in the fiscal year of all employers. The District's contributions to RHIA are included in PERS contributions for all reporting years and equaled the required contributions each year.

At June 30, 2021, the District reported a net OPEB asset of \$202,882 for its proportionate share of the net OPEB asset. The OPEB asset was measured as of June 30, 2021, and the total OPEB asset used to calculate the net OPEB asset was determined by an actuarial valuation as of December 31, 2019. Consistent with GASB Statement No. 75, paragraph 59(a), the District's proportion of the net OPEB asset is determined by comparing the employer's actual, legally required contributions made during the fiscal year to the Plan with the total actual contributions made in the fiscal year of all employers. As of the measurement date of June 30, 2021 and 2020, the District's proportion was .059 percent and .105 percent, respectively. OPEB income for the year ended June 30, 2022 was \$25,359.

Components of OPEB Expense/(Income):

6. OTHER POST-EMPLOYMENT BENEFIT PLAN (RHIA) (CONTINUED)

Actuarial Methods and Assumptions:

Valuation Date	December 31, 2019
Experience Study Report	2018, Published July 24, 2019
Actuarial cost method	Entry Age Normal
Inflation rate	2.40 percent (reduced from 2.50 percent)
Investment rate of return	6.90 percent (reduced from 7.20 percent)
Discount rate	6.90 percent (reduced from 7.20 percent)
Projected salary increase	3.40 percent (reduced from 3.50 percent)
Retiree healthcare participation	Healthy retirees: 32%; Disabled retirees: 20%
Mortality	Healthy retirees and beneficiaries: Pub-2010 Healthy Retiree, sex distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation. Active members: Pub-2010 Employee, sex distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation. Disabled retirees: Pub-2010 Disabled Retiree, sex distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation.

Actuarial valuations of an ongoing plan involve estimates of value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Experience studies are performed as of December 31 of even numbered years. The method and assumptions shown are based on the 2018 Experience Study which is reviewed for the four-year period ending December 31, 2018.

Discount Rate:

The discount rate used to measure the total pension liability as of the measurement dates of June 30, 2021 and 2020 was 6.90 and 7.20 percent, respectively, for the Defined Benefit Pension Plan. The projection of cash flows used to determine the discount rate assumed that contributions from the plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the RHIA plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments for the RHIA plan was applied to all periods of projected benefit payments to determine the total OPEB asset.

Long-Term Expected Rate of Return:

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in June 2021 the PERS Board reviewed long-term assumptions developed by both Milliman's capital market assumptions team and the Oregon Investment Council's (OIC) investment advisors. The table below shows Milliman's assumptions for each of the asset classes in which the plan was invested at that time based on the OIC long-term target asset allocation. The OIC's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model.

(Source: June 30, 2021 PERS CAFR; p. 74)

Sensitivity of the District's proportionate share of the net OPEB liability/(asset) to changes in the discount rate – The following presents the District's proportionate share of the net OPEB liability/(asset) calculated using the discount rate of 6.90 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percent lower (5.90 percent) or one percent higher (7.90 percent) than the current rate.

	1% Decrease (5.90%)	Discount Rate (6.90%)	1% Increase (7.90%)
District's proportionate share of the net OPEB liability (asset)	(\$ 179,419)	(\$ 202,882)	(\$ 222,925)

Changes Subsequent to the Measurement Date:

There are no changes subsequent to the June 30, 2021 Measurement Date that meet this requirement and thus would require a brief description under the GASB standard.

7. DEFERRED COMPENSATION PLAN

A deferred compensation plan is available to employees wherein they may execute an individual agreement with the District for amounts earned by them to not be paid until a future date when certain circumstances are met. These circumstances are: termination by reason of death, disability, resignation, or retirement. Payment to the employee will be made over a period not to exceed 15 years. The deferred compensation plan is one which is authorized under IRC Section 457 and has been approved in its specifics by a private ruling from the Internal Revenue Service. The assets of the plan are held by the administrator for the sole benefit of the plan participants and are not considered assets or liabilities of the District.

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

8. LONG-TERM OBLIGATIONS

BONDS PAYABLE

General Obligation Bonds

General obligation bonds are issued to provide funds for the acquisition and construction of major capital facilities. In September of 2014 the District issued \$25,421,326 in GO Bonds for capital improvements. In October 2021, the District issued \$22,080,000 in GO Bond refunding related to the 2014 GO Bond issuance. The refunding reduced the 2014 GO Bond outstanding principal by \$17,517,614.

Upon the occurrence and continuance of any event of default the beneficial owners of fifty-one (51%) percent or more of the principal amount of Bonds then outstanding may take whatever action may appear necessary or desirable to enforce or to protect any of the rights of the beneficial owners of bonds, either at law or in equity or in bankruptcy or otherwise, whether for the specific enforcement of any covenant or agreements contained in this resolution of the bonds or in aid of the exercise of any power granted in this resolution or in the bonds or for the enforcement of any other legal or equitable right vested in the beneficial owners of bonds by this resolution or the bonds or by law. However, the bonds shall not be subject to acceleration.

Pension Obligation Bonds

In October of 2002, \$6,554,467, of limited tax pension obligation bonds were issued to finance the unfunded actuarially accrued liability (UAL) with the State of Oregon Public Employees Retirement System (PERS). The issuance of the bonds was considered an advance refunding of the District's UAL. The actual savings realized over the life of the bonds is uncertain because of the various legislative changes and legal issues pending with the PERS system which could impact the future required contribution rate. Debt service payments for the pension obligation bonds will continue through the 2027-28 fiscal year. The annual debt service payment is scheduled to increase from 4.6 percent to 6.3 percent annually. As of June 30, 2022, the District has established a PERS debt service fund reserve to stabilize the cost of retiring the debt.

Upon the occurrence and continuation of default on the 2002 bonds, the owners of 25% or more of the outstanding principal of the 2002 bonds, or 51% or more of the 2003 bonds, or 51% or more of the 2011 refunding bonds then outstanding may take any actions available at law or in equity as may appear necessary or desirable to enforce or to protect any of the rights of the owners of the bonds, whether for the specific enforcement of any covenant or agreement. However, the bonds shall not be subject to acceleration.

Future maturities of all bond issues are payable as follows:

<u>Fiscal Year</u> <u>Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>
2023	\$ 2,162,187	\$ 989,233
2024	2,390,971	923,577
2025	2,561,954	864,935

9. OTHER POST-EMPLOYMENT BENEFITS (OPEB)

Early Retirement (Stipends)

Plan Description – Collective bargaining agreements provide a single-employer early retirement incentive plan for certified and classified employees. The retirement incentive is offered as a form of deferred compensation for work performed during the years of active service and the plan is a single employer defined benefit pension plan. Qualified employees are required to notify the District, in writing, 120 days prior to retirement date. To qualify, an employee must be a certified or classified staff member eligible to retire with benefits under the rules of the Public Employees Retirement System (PERS) and applicable Oregon law. In addition, the electing employee must have been hired prior to July 1, 2001 and have a minimum of fifteen years of service with the District immediately prior to retirement. Plan participants have no obligation to contribute to the plan.

Under this agreement, qualified certified early retirees are paid an incentive equal to 2.5% of the annual BA-Step 0 Salary if they retired before July 1, 2001 or \$725 per month if they retired after July 1, 2001 until the retiree reaches age 65. Qualified classified early retirees are paid an incentive currently ranging from \$333 to \$444 per month until the retiree reaches age 65. Medical insurance coverage is also provided for the retiring member and spouse until the retiree reaches age 65 or qualifies for federal Medicare coverage, whichever is earlier. The funding for the plan is on a pay-as-you-go basis and the payments are made by the District.

Annual OPEB Cost and Total OPEB Liability – The annual other postemployment benefit (OPEB) cost is calculated based on the Total OPEB Liability, an amount actuarially determined in accordance with the parameters of GASB Statement 73. For detailed information and a table showing the components of the District’s annual OPEB costs and liabilities, see page 38.

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

9. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (CONTINUED)

Actuarial Methods and Assumptions - The Total OPEB Liability for the current year was determined as part of the June 30, 2021 actuarial valuation using the entry age normal method. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about mortality, claim cost and the healthcare cost trend. The actuarial assumptions included; (a) a rate of return on investment of present and future assets of 2.16% compounded annually; (b) no future increase in benefit payable from this program; (c) a general inflation rate of 2.5% per year, and (d) no post-retirement benefit increases and a payroll increase of 3.5%. Amounts determined regarding the funded status of the plan and the annual required contribution of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Under this method, the expected accrued benefit of each participant at benefit commencement (reflecting future expected increases in salaries and medical premiums) is allocated in equal proportion over the participant's years of service from hire to expected retirement. The normal cost is the present value of benefits expected to accrue in the current year. The present value of benefits accrued as of the valuation date is called the accrued liability.

Funding Status and Funding Progress - As of July 1, 2021, the plan was 0% funded. The actuarial accrued liability for benefits was \$201,064, and the actuarial value of assets was \$0. Estimated covered payroll was \$389,349.

Program membership for Early Retirement Stipends consisted of the following at July 1, 2021:

Participant Counts	
Number of Active Participants	14
Number of Inactive Participants	10
Total Number of Participants	24

Changes in Total Pension Liability for Early Retirement Stipends:

Net changes		(55,749)
Total Pension Liability at June 30, 2022	\$	201,064

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

9. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (CONTINUED)

For the year ended June 30, 2022, the District recognized OPEB stipends income of \$77,089. At June 30, 2022, the District reported no deferred outflows of resources and deferred inflows of resources related to OPEB stipends from the following sources:

	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 23,457
Changes of assumptions or other inputs	13
Total	\$ 23,470

Deferred inflows of resources related to OPEB stipends will be recognized in OPEB expense as follows:

Year ended June 30,	Amount
2023	(21,340)
2024	(2,130)
All Subsequent Years	-
Total	\$ (23,470)

The Discount Rate Sensitivity Analysis for OPEB Stipend for the year ended June 30, 2022 is as follows:

	1% Decrease 1.16%	Current Discount Rate 2.16%	1% Increase 3.16%
Total Pension Liability	\$204,114	\$201,064	\$197,837

Post-Employment Health Insurance Subsidy

Plan Description - A single-employer retiree benefit plan is maintained that provides postemployment health, dental vision and life insurance benefits to eligible employees and their spouses. There are active and retired members in the plan. Benefits and eligibility for members are established through the collective bargaining agreements.

The post-retirement healthcare plan is established in accordance with Oregon Revised Statutes (ORS) 243.303. ORS stipulated that for the purpose of establishing healthcare premiums, the rate must be based on all plan members, including both active employees and retirees. The difference between retiree claims cost, which because of the effect of age is generally higher in comparison to all plan members, and the amount of retiree healthcare premiums represents the District's implicit employer contribution.

Funding Policy - The benefits from this program are paid by the retired employees on a self-pay basis and the required contribution is based on projected pay-as-you go financing requirements. There is no obligation on the part of the District to fund these benefits in advance.

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

9. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (CONTINUED)

Annual OPEB Cost and Total OPEB Liability – The annual other postemployment benefit (OPEB) cost is calculated based on the Total OPEB Liability, an amount actuarially determined in accordance with the parameters of GASB Statement 75. For detailed information and a table showing the components of the District’s annual OPEB costs and liabilities, see page 38.

Actuarial Methods and Assumptions – The Total OPEB Liability for the current year was determined as part of the June 30, 2021 actuarial valuation using the entry age normal method. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about mortality, claim cost and the healthcare cost trend. The actuarial assumptions included; (a) a rate of return on investment of present and future assets of 2.16% compounded annually; (b) no future increase in benefit payable from this program; and (c) no post-retirement benefit increases and a payroll increase of 3.5%. Amounts determined regarding the funded status of the plan and the annual required contribution of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Funding Status and Funding Progress – As of July 1, 2021, the plan was 0% funded. The actuarial accrued liability for benefits was \$1,021,294, and the actuarial value of assets was \$0. Estimated covered payroll was \$7,384,871.

At June 30, 2022, the following employees were covered by the benefit terms for OPEB Health Insurance:

Participant Counts

Number of Active Participants	164
Number of Inactive Participants	13
Total Number of Participants	177

The District’s total OPEB liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified.

Valuation date	June 30, 2021
Actuarial Cost Method	Entry Age Normal
Discount Rate	2.16%
Inflation rate	2.50%
Salary Scale	3.5% per year
Self-Pay Entrance Rate	20% of retirees who are not eligible for a District contribution towards health insurance premiums will continue their health coverage on a self-pay basis.
Medical Insurance Premium Trend Rate	6.5% for the 2021/22 premium year and decreasing by 0.5% per year to a long term annual increase of 5.0%
Annual Increase in cap on District contribution for retiree premiums	5.50%
Retirement Rates	Assumed rates of retirement for District employees are based on the retirement rate assumptions used by Oregon PERS for school employees. For eligible employees, the assumed retirement rates were adjusted to reflect the significant effect of the District's Early Retirement Incentive Plan on the behavior of the District's employees

Total OPEB Liability	\$1,057,835	\$1,021,294	\$985,762

The Health Care Trend Sensitivity Analysis for OPEB Health Insurance for the year ended June 30, 2022 is as follows:

	1% Decrease	Current Trend Rate	1% Increase
Total OPEB Liability	\$964,965	\$1,021,294	\$1,085,358

10. RISK MANAGEMENT

There is exposure to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Commercial insurance is purchased to minimize exposure to these risks. Settled claims have not exceeded this commercial coverage for the past three fiscal years.

11. NOTE RECEIVABLE

On January 29, 2016, the District received a Promissory Note of \$250,000 for a sale of Central Property to Applegate Regional Theatre, Inc. A principle balance of \$210,000 was still outstanding at June 30, 2022, as no payments were received for the year ended June 30, 2022. The entire remaining balance was collected in the subsequent year.

12. INTERFUND RECEIVABLE / PAYABLE AND TRANSFERS

There are interfund receivable/payable and transfers between the General Fund and the Special Revenue Fund to account for reimbursements coming from the state. Amounts are comprised of the following:

	Interfund Receivable	Interfund Payable	Transfer Out	Transfer In
General Fund	\$ 821,342	\$ -	\$ 955,394	\$ -
Special Revenue Fund	-	821,342	-	955,394
Totals	\$ 821,342	\$ 821,342	\$ 955,394	\$ 955,394

13. LEASE LIABILITY (RIGHT-TO-USE-ASSET)

For the year ended 6/30/2022, the basic financial statements include the adoption of GASB Statement No. 87, Leases. The primary objective of this statement is to enhance the relevance and consistency of information about governments' leasing activities. This statement establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. For additional information, refer to the disclosures below.

On 10/31/2021, the District entered into a 61 month lease as Lessee for the use of Canon IM Advance DX 6870i(2). An initial lease liability was recorded in the amount of \$65,069. As of 06/30/2022, the value of the lease liability is \$56,574. The District is required to make monthly fixed payments of \$1,116. The lease has an interest rate of 1.1770%. The value of the right to use asset as of 06/30/2022 of \$65,069 with accumulated amortization of \$8,707 is included with Equipment on the Lease Class activities table found below.

On 10/31/2021, the District entered into a 61 month lease as Lessee for the use of Canon IM Advance DX 6870I. An initial lease liability was recorded in the amount of \$10,333. As of 06/30/2022, the value of the lease liability is \$8,990. The District is required to make monthly fixed payments of \$177. The lease has an interest rate of 1.1770%. The value of the right to use asset as of 06/30/2022 of \$10,333 with accumulated amortization of \$1,383 is included with Equipment on the Lease Class activities table found below.

On 07/01/2021, the District entered into a 57 month lease as Lessee for the use of Konica Minolta C3350I. An initial lease liability was recorded in the amount of \$1,945. As of 06/30/2022, the value of the lease liability is \$1,663. The District is required to make monthly fixed payments of \$38. The lease has an interest rate of 1.1770%. The value of the right to use asset as of 06/30/2022 of \$1,945 with accumulated amortization of \$410 is included with Equipment on the Lease Class activities table found below.

On 07/01/2021, the District entered into a 38 month lease as Lessee for the use of Canon 6555/6565. An initial lease liability was recorded in the amount of \$9,083. As of 06/30/2022, the value of the lease liability is \$6,312. The District is required to make monthly fixed payments of \$236. The lease has an interest rate of 0.8450%. The value of the right to use asset as of 06/30/2022 of \$9,083 with accumulated amortization of \$2,800 is included with Equipment on the Lease Class activities table found below.

On 10/31/2021, the District entered into a 61 month lease as Lessee for the use of Canon IR Advance DX 6860I. An initial lease liability was recorded in the amount of \$8,883. As of 06/30/2022, the value of the lease liability is \$7,728. The District is required to make monthly fixed payments of \$153. The lease has an interest rate of 1.1770%. The value of the right to use asset as of 06/30/2022 of \$8,883 with accumulated amortization of \$1,189 is included with Equipment on the Lease Class activities table found below.

On 07/01/2021, the District entered into a 42 month lease as Lessee for the use of Canon C356iF III. An initial lease liability was recorded in the amount of \$2,188. As of 06/30/2022, the value of the lease liability is \$1,570. The District is required to make monthly fixed payments of \$53. The lease has an interest rate of 1.0110%. The value of the right to use asset as of 06/30/2022 of \$2,188 with accumulated amortization of \$622 is included with Equipment on the Lease Class activities table found below.

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

15. PROPERTY TAX LIMITATION

The voters of the State of Oregon imposed a constitutional limit on property taxes for schools and non-school government operations. School operations include community colleges, local school districts, and education service districts. The limitation provides that property taxes for school operations are limited to \$5.00 for each \$1,000 of property market value. This limitation does not apply to taxes levied for principal and interest on general obligation bonded debt. The result of this requirement has been that school districts have become more dependent upon state funding and less dependent upon property tax revenues as their major source of operating revenue.

The state voters' further reduced property taxes by replacing the previous constitutional limits on tax bases with a rate and value limit in 1997. This reduction is accomplished by rolling property values back to their 1995-96 values less 10% and limiting future tax value growth of each property to no more than 3% per year, subject to certain exceptions. Taxes levied to support bonded debt are exempted from the reductions. The State Constitution sets restrictive voter approval requirements for most tax and many fee increases and new bond issues, and requires the State to minimize the impact to school districts from the impact of the tax cuts.

16. COMMITMENTS AND CONTINGENCIES

Substantially all amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the management expects such amounts, if any, to be immaterial.

A substantial portion of operating funding is received from the State of Oregon. State funding is determined through state wide revenue projections that are paid to individual school districts based on pupil counts and other factors in the state school fund revenue formula. Since these projections and pupil counts fluctuate they can cause increases or decreases in revenue. Due to these future uncertainties at the state level, the future effect on the operations cannot be determined.

The COVID-19 outbreak in the United States has caused substantial disruption to business and local governments due to mandated and voluntary suspension of operations and stay at home orders. There is considerable uncertainty around the duration of the outbreak and the long-term impact to the overall economy. However, the impact of the reduction of economic activity is not determinable.

18. TAX ABATEMENTS

As of June 30, 2022, the District potentially had tax abatements through various state allowed programs that impacted levied taxes. Based on the information available from the county as of the date of issuance of these basic financial statements, there were no material abatements disclosed by the county for the year ended June 30, 2022 for any program covered under GASB 77.

19. SUBSEQUENT EVENTS

Subsequent events have been evaluated for the year ended June 30, 2022 through November 17, 2022, the issuance date of the basic financial statements. Other than the collection of the entire note receivable balance described in Note 11, there were no subsequent events identified by management which required note disclosure.

Independent Auditors' Report Required by Oregon State Regulations

We have audited the basic financial statements of Fern Ridge School District No. 28-J (the District) as of and for the year ended June 30, 2022, and have issued our report thereon dated November 17, 2022. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards.

Compliance

As part of obtaining reasonable assurance about whether the basic financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of the basic financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures which included, but were not limited to the following:

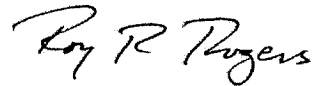

- **Deposit of public funds with financial institutions (ORS Chapter 295)**
- **Indebtedness limitations, restrictions and repayment.**
- **Budgets legally required (ORS Chapter 294).**
- **Insurance and fidelity bonds in force or required by law.**
- **Programs funded from outside sources.**
- **Authorized investment of surplus funds (ORS Chapter 294).**
- **Public contracts and purchasing (ORS Chapters 279A, 279B, 279C).**
- **State school fund factors and calculation.**

In connection with our testing nothing came to our attention that caused us to believe the District was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations.

OAR 162-10-0230 Internal Control

In planning and performing our audit, we considered the internal controls over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the internal controls over financial reporting.

This report is intended solely for the information and use of the Board of Directors and management and the Oregon Secretary of State and is not intended to be and should not be used by anyone other than these parties.

To the Board of Directors
Fern Ridge School District No. 28-J
Lane County, Oregon

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF BASIC FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of the governmental activities, and each major fund of Fern Ridge School District No. 28-J (the District) as of and for the year ended June 30, 2022, and the related notes to the basic financial statements, which collectively comprise the basic financial statements, and have issued our report thereon dated November 17, 2022.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the basic financial statements, we considered the internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, we do not express an opinion on the effectiveness of internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the basic financial statements will not be prevented, or detected and corrected, on a timely basis.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

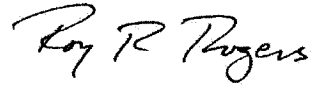

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the basic financial statements are free from material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the basic financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

To the Board of Directors
Fern Ridge School District No. 28-J
Lane County, Oregon

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Fern Ridge School District No. 28-J (the District)'s compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the major federal programs for the year ended June 30, 2022. The major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of compliance with the compliance requirements referred to above.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of compliance.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to its federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

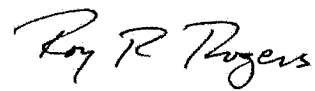

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

None

SECTION IV – SCHEDULE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS

None

FERN RIDGE SCHOOL DISTRICT NO. 28-J
LANE COUNTY, OREGON

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

For the Year Ended June 30, 2022

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

1. BASIS OF PRESENTATION

The schedule of expenditures of federal awards includes federal grant activity under programs of the federal government. The information in this schedule is presented in accordance with the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule presents only a selected portion of the operations, it is not intended to and does not present the net position, changes in net position, or cash flows, of the District

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement. Negative amounts shown on the schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. The District has not elected to use the ten percent de minimis indirect cost rate as allowed under Uniform Guidance, due to the fact that they already have a negotiated indirect cost rate with the Oregon Department of Education, and thus is not allowed to use the de minimis rate.
